ABOUT ME

Web developer from Lisbon, focused on building intuitive and efficient web applications. I transitioned from a career in sports and physical education to pursue my passion for tech, bringing grit and problem-solving to modern development.

PROJECTS

Route Planner
- A web app that lets users plan, save, and share custom routes with ease. Users can view detailed route metrics to track distance, elevation, time, and more.
- **Technologies:** Flask · Python · JavaScript · Leaflet · Tailwind CSS · HTML
  - https://route-manager-app.onrender.com/
  - https://github.com/DiogoCoelho98/route_manager_app

YelpCamp
- A web app designed to help users discover campgrounds around the world. It provides detailed information for each site—including descriptions, photos, pricing, etc. Users can also create and share their own campgrounds, as well as contribute reviews to help others plan their outdoor adventures.
- **Technologies:** HTML, CSS (TailwindCSS), JavaScript, React (React Router, React Redux, Redux ToolKit)
  - https://yelpcamp-uf2n.onrender.com/
  - https://github.com/DiogoCoelho98/yelpcamp

Top Gun Shooter
- Retro-style game inspired by the TOP GUN movies. You control a fighter jet, and your objective is to destroy enemy jets while avoiding being hit.
- **Technologies:** JavaScript · HTML · CSS
